

## **Instruction to RO's**

### **Nr 8. GMDSS requirements for radio installations on board Curaçao flag vessels.**

*Date Entry Into Force: 01 May 2017*

In accordance with art. 40 of the Ships decree 2004, a ship for which a passenger ship safety certificate or a cargo ship safety certificate is required shall satisfy a.o. the requirements of chapter IV of the SOLAS Convention applicable to that ship. Furthermore a ship for which a cargo ship radio safety certificate is required shall satisfy the requirements of chapter IV and, with regard to the radio equipment on board group life-saving appliances, chapter III of the SOLAS Convention applicable to that ship.

In this respect the Recognized Organization shall ascertain that the installation of GMDSS radio equipment complies with the requirements of COMSAR/Circ.32 (attached).

Where par.1.3.1. of COMSAR/Circ.32 refers to approved diagrams, arrangements and drawings, this shall mean approved by the Recognized Organization.
